INDEPENDENT AUDITOR'S REPORT

To the Board of Commissioners
Terrell County, Georgia

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental-activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Terrell County, Georgia, as of and for the year ended September 30, 2018, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Terrell County Board of Health, which represent 87% of the assets, (336%) of the position, and 98% of the revenues of the aggregate discretely presented component units. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Terrell County Board of Health, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Terrell County, Georgia, as of September 30, 2018, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the budgetary comparison information on pages 40-41 and the pension plan and OPEB schedules of the Terrell County Board of Health on pages 42-49 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during the audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Terrell County, Georgia's basic financial statements. The individual major fund, combining and individual non-major fund, and supplemental schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The individual major fund, combining and individual non-major fund, and supplementary schedules are the responsibility of management and were derived and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the individual major fund, combining and individual non-major fund, and supplementary schedules are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated September 27, 2019 on our consideration of Terrell County, Georgia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Terrell County, Georgia's internal control over financial reporting and compliance.

TERRELL COUNTY, GEORGIA
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND
CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED SEPTEMBER 30, 2018

Amounts reported for governmental activities in the "Statement of Activities" are different because:

Net change in fund balances - total governmental funds reported in "Statement of Revenues, Expenditures, and Changes in Fund Balances-Governmental Funds" \$ 1,252,731

Governmental funds report capital outlays as expenditures. However, in the "Statement of Activities" the costs of those assets, which exceed the capitalization threshold, are allocated over their estimated useful lives and reported as depreciation expense. Details of the amount by which depreciation exceeded capital outlays in the current period are as follows:

Capital Outlays Meeting Capitalization Policy Criteria	165,424
Depreciation Expense	<u>(758,706)</u>
	<u>(593,282)</u>

Governmental funds report the proceeds of long-term debt as a current financial resource and the repayment of principal as an expenditure of current financial resources. However, in the "Statement of Activities" there is no effect for these transactions. Details of the amount by which long-term debt proceeds exceeded repayments of principal in the current period are as follows:

Principal Repayments	-
Face Amount of Long-Term Debt	<u>(102,247)</u>
	<u>(102,247)</u>

Governmental funds report receivables collected within 60 days after the government's year end as a current financial resource, with the remaining uncollected amount deferred. However, in the "Statement of Activities" there is no such deferral. Deferred revenues increased (decreased) by this amount during the fiscal year: (101,002)

Change in Net Position of governmental activities reported in the "Statement of Activities" \$ 456,200

The accompanying notes are an integral part of these financial statements.

TERRELL COUNTY, GEORGIA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2018

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. INTRODUCTION

The accounting and reporting framework and the more significant accounting principles of Terrell county, Georgia (County) are discussed in subsequent sections of this Note. The remaining Notes are organized to provide explanations, including required disclosures, of the County's financial activities for the fiscal year ended September 30, 2018.

B. FINANCIAL REPORTING ENTITY

The accompanying financial statements report on the financial activities of the County, which operates under a county commissioner form of government and provides for the general administration of County functions; citizens public safety; a court system; public works; health and welfare; culture and recreation; and housing and development.

1. Component Units

Governmental Accounting Standards Board (GASB) Statement No. 14, The Financial Reporting Entity, as amended by GASB Statement No. 39, Determining Whether Certain Organizations are Component Units and GASB Statement No. 61, The Financial Reporting Entity - An Amendment of GASB Statements No. 14 and No. 34 establishes standards for determining which organizations should be included in the financial reporting entity and for reporting the financial information of those organizations. Generally, a component unit is an organization for which the County is financially accountable and imposes a financial benefit or burden on the County or an organization that must be included as a part of the reporting entity to keep the financial statements from being misleading or incomplete because of the nature or significance of their relationship to the County. Based upon the application of these criteria, the financial activities of the following component unit have been discretely presented to emphasize that it is legally separate from the County.

Terrell County Board of Health - provides health services to the citizenry of Terrell County, Georgia. The County Board of Health is a legally separate entity, although the Board of Commissioners of Terrell County, Georgia appoints a voting majority of the Board of Health's governing board, and thus, has the ability to impose its will on the Board of Health in accordance with Georgia law (OCGA §31-3-14). Complete financial statements of the Terrell County Board of Health may be obtained from their offices in Terrell County, Georgia.

Development Authority of Terrell County - promotes development in Terrell County. The Authority is a legally separate entity. The Board of Commissioners of Terrell County appoint a voting majority of the Authority's governing board, and thus, has the ability to impose its will on the Authority. Separate financial statements of the Authority are not issued.

TERRELL COUNTY, GEORGIA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2018

2. Joint Venture

The County, in conjunction with other cities and counties, is a member of the Southwest Georgia Regional Commission (RC). Membership in the RC is automatic for each municipality and county in the state. The Official Code of Georgia Annotated (O.C.G.A.) section 50-8-34 (Georgia Planning Act of 1989) provides for the organizational structure of RC's. Each county and municipality in the state is required by law to pay minimum annual dues to the RDC. TERRELL county, Georgia paid \$4,830 to the RC for the year ended September 30, 2018. The RC board membership includes the chief elected official of each county and municipality. The county and municipal board members from that county elect one member of the board who is a resident (but not an elected or appointed official or employee of either) to serve as the non-public board member from that county. Complete financial statements of the Southwest Georgia Regional Commission may be obtained at the offices in Camilla, Georgia. The Georgia Planning Act of 1989 (O.C.G.A. 50-8-34) further defines RC's as public agencies and instrumentalities of their members, and as such, provides that member governments are liable for any debts or obligations of an RC beyond its resources (O.C.G.A. 50-8-39.1).

C. BASIS OF PRESENTATION

1. Government-Wide Financial Statements

The government-wide financial statements include the statement of net position and the statement of activities. These statements report financial information of the County as whole excluding fiduciary activities such as employee pension plans. The primary government and component units are presented separately within the financial statements with the focus on the primary government. Individual funds are not displayed but the statements distinguish governmental activities, generally supported by taxes and County general revenues, from business-type activities, generally financed in whole or in part with fees charged to external customers. The statement of activities reports the expenses of a given function offset by program revenues directly connected with the functional program. The County had no business-type activities for the year ended September 30, 2018.

A function is an assembly of similar activities and may include portions of a fund or summarize more than one fund to capture the expenses and programs associated with a distinct functional activity. Program revenues include: (1) charges for services which report fees, fines and forfeitures, and other charges to users of the County's services; (2) operating grants and contributions which finance annual operating activities including restricted investment income; and (3) capital grants and contributions which fund acquisition, construction, or rehabilitation of capital assets and include fees to developers. These revenues are subject to externally imposed restrictions to these program uses.

Taxes and other revenue sources not properly included with program revenues are reported as general revenues.

2. Fund Financial Statements

Fund financial statements are provided for government, proprietary, and fiduciary funds. Major individual governmental and enterprise funds are reported in separate columns with composite columns for non-major funds.

TERRELL COUNTY, GEORGIA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2018

The County reports the following major governmental funds:

General Fund - reports as the primary fund for the County. This fund is used to account for all financial resources not reported in other funds.

2017-2022 Special Purpose Local Option Sales Tax (SPLOST) Fund - is used to account for the estimated \$6,000,000 in tax proceeds to be collected over a six- year period beginning January 1, 2017. The proceeds are to be used to finance projects including road, streets, and bridges, county landfill, capital outlay projects for emergency medical services, E-911 Service, public buildings, and projects of municipalities within the County.

The County reports the following major proprietary funds:

None.

Additionally, the County reports the following fiduciary fund type:

Agency Funds - are used to administer the collections, and subsequent remittances, by various elected or appointed officials to the appropriate agencies or organizations.

D. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

The financial statements of the County are prepared in accordance with generally accepted accounting principles (GAAP). The government-wide statements report using the economic resources measurement focus and the accrual basis of accounting generally including the reclassification or elimination of internal activity (between or within funds). However, internal eliminations do not include utility services (if any) provided to County departments. Reimbursements are reported as reductions to expenses. Proprietary and fiduciary fund financial statements and financial statements of County component units also report using the same focus and basis of accounting, although internal activity is not eliminated in these statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property tax revenues are recognized in the year for which they are levied, while grants are recognized when grantor eligibility requirements are met.

Governmental fund financial statements report using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both measurable and available. Available means collectible within the current period or soon enough thereafter to pay current liabilities. The County considers revenues to be available if they are collected within 60 days of the end of the fiscal year. Expenditures are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are reported as expenditures in the year due.

Major revenue sources susceptible to accrual include: sales and use taxes, hotel/motel taxes, property taxes, franchise taxes, charges for services, intergovernmental revenues, and investment income. In general, other revenues are recognized when cash is received.

TERRELL COUNTY, GEORGIA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2018

E. ASSETS, LIABILITIES, AND NET POSITION OR EQUITY

1. Cash and Investments

The County's deposits and investments, including those of component units, consist entirely of demand deposits, money market accounts, savings accounts, and certificates of deposit.

Subject to the provisions of state statutes (O.C.G.A. 36-83-4), any money subject to the governing authority's control may be invested in the following: (a) obligations of this state or of other states; (b) obligations issued by the United States Government; (c) obligations fully insured or guaranteed by the United States Government or by a government agency of the United States; (d) obligations of any corporations of the United States Government; (e) prime bankers acceptances; (f) the local government investment pool; (g) repurchase agreements; and (h) obligations of other political subdivisions of this state.

The County's policy is to invest excess available cash in money market or savings accounts and certificates of deposit. These investments are reported at their carrying amounts, which approximates fair value.

2. Inventories and Prepayments

The costs of inventories are recorded as expenditures/expenses when purchased in all funds. The costs of inventory at year end, if any, are not considered material to the financial statements.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as expenditures when paid in governmental activities and are reported on a consumption basis in business-type activities. The cost of prepaid items at year end applicable to governmental activities, if any, are not considered material to the financial statements.

TERRELL COUNTY, GEORGIA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2018

3. Capital Assets, Depreciation, and Amortization

The County's property, plant, equipment, and infrastructure with useful lives of more than one year are stated at historical cost and comprehensively reported in the government-wide financial statements. The County maintains infrastructure asset records consistent with all other capital assets, however, infrastructure assets acquired prior to the implementation of GASB Statement No. 34 (FYE September 30, 2004) are not reported. Proprietary and component unit capital assets are also reported in their respective fund and combining component units financial statements. Donated assets are stated at fair value on the date donated. The County generally capitalizes all land, building, and assets with a unit cost of \$5,000 or more as purchase and construction outlays occur. The costs of normal maintenance and repairs that do not add to the assets value or materially extend useful lives are not capitalized. Capital assets, including those of component units, are depreciated using the straight-line method. When capital assets are disposed, the cost and applicable accumulated depreciation are removed from the respective accounts, and the resulting gain or loss is recorded in operations. Estimated useful lives, in years, for depreciable assets are as follows:

Buildings	20-40
Improvements, other than buildings	5-50
Infrastructure	20-40
Furniture, machinery, and equipment	5-10

4. Capitalized Interest

Interest costs are capitalized when incurred by proprietary funds and similar component units on debt where proceeds were used to finance the construction of assets. Interest earned on the proceeds of tax-exempt borrowing arrangements restricted to the acquisition of qualifying assets is offset against interest costs in determining the amount to be capitalized. The County incurred no interest costs during the year requiring capitalization.

5. Long-Term Debt

In the government-wide, proprietary, and component unit financial statements, outstanding debt is reported as liabilities. Debt issuance costs, except for any portion that is a prepayment of insurance, are expensed when incurred. The difference between the reacquisition price and net carrying value of the old debt in current refundings and advance refundings resulting in defeasance of debt is reported as a deferred outflow of resources or deferred inflow of resources and recognized as a component of interest expense in a systematic and rational manner over the shorter of the life of the new debt or the remaining life of the old debt.

The governmental fund financial statements recognize the proceeds of debt and premiums as other financing sources of the current period. Issuance costs are reported as expenditures.

TERRELL COUNTY, GEORGIA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2018

6. Compensated Absences

GASB Standards require that leave pay be accrued when: (a) the employer's obligation to employee's right to receive compensation for future benefits is attributable to employee's services already rendered; (b) the obligation related to rights that vest or accumulate; (c) payment of the compensation is probable; and (d) the amount can be reasonably estimated.

The cost of vacation pay and accumulated sick-pay benefits are not recorded until such benefits are paid because the amount cannot be reasonably estimated. Accordingly, no provision for a liability for compensated absences has been recorded.

7. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to future period(s) and so will not be recognized as an outflow of resources (expense) until that time. The County, as the primary government, did not have any items that qualified for reporting in this category.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents the acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The County, as the primary government, did not have any items that qualified for reporting in this category. However, the governmental funds balance sheet will sometimes report deferred inflows of resources for revenues not available to pay current period expenditures. The County had \$399,016 of unavailable property tax revenue recorded as a deferred inflow of resources at year end.

8. Net Position and Fund Balances

Net position is comprised of the following three components:

- a. Net Investment in Capital Assets. This component of net position consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt are also included.
- b. Restricted. This component of net position consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets. Generally, a liability relates to restricted assets if the asset results from a resource flow that also results in recognition of a liability or if the liability will be liquidated with the restricted assets reported.

TERRELL COUNTY, GEORGIA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2018

- c. Unrestricted. This component is the net amount of assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

The government-wide financial statements report restricted net position for amounts where constraints are imposed either by creditors, grantors, contributors, and others or by enabling legislation. Net position restricted by enabling legislation in the statement of net position was \$599,807. The remaining net position reported as restricted in the statement of net position is legally restricted for specified purposes.

Fund balances in the governmental funds financial statements are classified into the following categories as applicable:

- a. Non-spendable. The non-spendable fund balance classification includes amounts that cannot be spent because they are either (1) not in spendable form, or (2) legally or contractually required to be maintained intact.
- b. Restricted. The restricted fund balance classification includes amounts where constraints have been placed on resources that are (1) either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws and regulations of other governments; or (2) imposed by law through constitutional provisions or enabling legislation.
- c. Committed. The committed fund balance classification includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action (ordinance) of the government's highest level of decision-making authority (Board of County Commissioners). Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of action it employed to previously commit those amounts.
- d. Assigned. The assigned fund balance classification includes amounts that are constrained by the government's intent to be used for specific purposes but are neither restricted nor committed. The intent should be expressed by (1) the governing body itself or (2) a body or official to which the governing body has delegated the authority to assign amounts to be used for specific purposes. It is the policy of the Board of County Commissioners to reserve unto itself the authority to assign amounts to specific purposes.
- e. Unassigned. The Unassigned fund balance is the residual classification for the general fund. This classification represents the fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the general fund.

When an expense or expenditure is incurred for which both restricted and unrestricted net position or fund balance is available, the County typically considers restricted amounts to have been spent before unrestricted amounts. The County has not established a policy for the use of its unrestricted fund balance. Therefore, the County has defaulted to considering committed amounts as being used first, followed by assigned amounts, and then unassigned amounts.

TERRELL COUNTY, GEORGIA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2018

9. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect reported amounts of assets, deferred outflows or resources, liabilities, and deferred inflows of resources and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ, in some cases significantly, from those estimates.

F. REVENUES, EXPENDITURES, AND EXPENSES

1. Lease Commitments

Operating Leases

The County has entered into a number of operating leases, which contain cancellation provisions and are subject to annual appropriations. These expenditures were made primarily from the General Fund.

NOTE 2 - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. MATERIAL VIOLATIONS OF LEGAL AND CONTRACTUAL PROVISIONS

1. Expenditures Over Appropriations

The County incurred expenditures, which exceeded appropriations for the following County departments in violation of O.C.G.A. 36-81-3:

Judicial	\$	11,858
Health and Welfare		1,441
Culture and Recreation		2,268

The County does not consider these to be a material violation because each is within three percent of the final appropriation amount.

TERRELL COUNTY, GEORGIA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2018

B. BUDGETARY INFORMATION

1. Budgetary Preparation and Basis of Budgeting

- a. Prior to the start of the new fiscal year, the Chairman submits to the Commission a proposed operating budget. The operating budget includes proposed expenditures and the means of financing them.
- b. The Commission holds a public hearing on the budget, giving notice thereof at least ten days in advance by publication in the official organ of Terrell County.
- c. The budget is then revised and adopted or amended by the Commission.
- d. The budget so adopted may be revised during the year only by formal action of the Commission in a regular meeting and no increases shall be made therein without provision also being made for financing the same.
- e. Formal budgetary integration has not been employed. The budget for the General Fund and Special Revenue Funds are adopted on a basis generally consistent with generally accepted accounting principles (GAAP).
- f. Budget amounts are as originally adopted, or as amended by the Commission. Individual amendments (if any) were not material in relation to the original appropriation that was amended.

Each fund's appropriated budget is prepared on a detailed line item basis. Revenues are budgeted by source and expenditures are by budgeted by department and class as follows: personal services, other services and charges, supplies, capital outlay, transfers, and debt service. The legal level of control is by department and expenditures may not exceed appropriations at this level. Budget revisions at this level are subject to final review by the County Commission. Within the legal level of control, management may transfer appropriations without commission approval.

2. Encumbrances

The County has not reserved any fund balances for recorded encumbrances of financial resources. Encumbrance accounting is normally an extension of formal budgetary integration. Encumbrances do not represent actual expenditures but rather are budgetary items, which represent the estimated cost of goods and services, which have yet to be received. The purpose of encumbrance accounting is to facilitate the prevention of overspending of appropriations.

C. DEFICIT FUND BALANCES

No funds operated by the County have deficit fund balances.

TERRELL COUNTY, GEORGIA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2018

NOTE 3 - DETAILED NOTES ON FUNDS AND COMPONENT UNITS

A. ASSETS

1. Deposits and Investments

Deposits

Custodial Credit Risk - for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of the outside party. The County's deposits, including those of its component units, consist entirely of demand deposit, money market, savings accounts, and certificates of deposit.

Primary Government

The following provides a summary of the County's cash and cash equivalent balances:

Government-Wide Statement of Net Position	\$ 1,943,540
Fiduciary Funds Statement Assets and Liabilities	<u>269,437</u>
Total Cash and Cash Equivalents	\$ <u>2,212,977</u>

At September 30, 2018, the County's deposits had a carrying amount of \$2,212,977 and a bank balance of \$2,329,813. Of the bank balance, \$1,072,658 was covered by federal depository insurance and \$1,257,155 was secured by collateral held by the pledging bank's agent but not in the County's name.

Component Units

Terrell County Board of Health - At June 30, 2018 (the fiscal year end of the component unit), the Terrell County Board of Health's deposits had a carrying amount of \$371,413 and a bank balance of \$379,559. All of the bank balance was covered by federal depository insurance.

Development Authority of Terrell County - At September 30, 2018, the carrying amount of the Development Authority of Terrell County's deposits had a carrying amount of \$57,586 and a bank balance of \$57,586. All of the bank balance was covered by federal depository insurance.

Investments

Custodial Credit Risk - for investments is the risk that, in the event of the failure of the counterparty (e.g. financial institution or broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. Investment securities are exposed to custodial credit risk if the securities uninsured, are not registered in the government's name, and are held by either (a) the counterparty or (b) the counterparty's trust department or agent, but not in the government's name.

Primary Government

The County had no investments at September 30, 2018.

TERRELL COUNTY, GEORGIA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2018

Component Units

Terrell County Board of Health - At June 30, 2018 (the fiscal year end of the component unit), the Terrell County Board of Health had no investments.

Development Authority of Terrell County - At September 30, 2018 the Development Authority of Terrell County had no investments.

Due to the nature of the deposits and investments that are authorized under state statutes and the County's deposit and investment policies, management does not believe the County has a significant exposure to any of the following deposit or investment risks:

Credit Risk - the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment.

Concentration of Credit Risk - the risk of loss attributed to the magnitude of an entity's investment in a single issuer.

Interest Rate Risk - the risk that changes in interest rates demanded by the market will adversely affect the fair value of an investment.

Foreign Currency Risk - the risk that changes in foreign exchange rates will adversely affect the fair values of an investment or deposit.

2. Property Tax Calendar

Primary Government

Property Taxes Receivable, Deferred Revenue, and Property Tax Calendar

Property taxes are levied as of the date the millage rate is set (September 14, 2017) and are typically due and payable between October 20th and December 20th. The lien date for property taxes is January 1 (typically). Property tax revenues are recognized when levied to the extent they result in current receivables.

3. Restricted Assets

Restricted assets are reported in various funds for cash deposited into bank accounts legally restricted for specific uses such as the payment of debt service on long-term debt or capital projects.

3. Landfill Closure and Post-closure Care Cost

The County has closed its landfill and placed a final cover on the landfill in accordance with state and federal laws and regulations. In addition, state and federal laws and regulations require the County to perform certain maintenance and monitoring functions at the site for five years after closure. These maintenance and monitoring functions were completed during the fiscal year ended September 30, 2001 and were estimated to cost \$65,300 per year.

Since these maintenance and monitoring functions were completed during the fiscal year ended September 30, 2001, the County does not report any liability for landfill post-closure care.

TERRELL COUNTY, GEORGIA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2018

4. Risk Management

The County is exposed to various forms of risk of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County has joined together with other counties in the state as part of the Georgia Interlocal Risk Management Agency Property and Liability Insurance Fund and the Georgia Municipal Association Group Self-Insurance Workers Compensation Fund, a public entity risk pool currently operating as a common risk management and insurance program for member local governments.

ACCG Interlocal Risk Management Agency

Pursuant to provisions of the Official Code of Georgia Annotated, the County became a member of the ACCG Interlocal Risk Management Agency. The agency established and administers one or more group self-insurance funds and a risk management service to prevent or lessen the incidence and severity of casualty and property losses occurring in the operation of government. The agency is to defend and protect in accordance with the member government contract and related coverage descriptions any member of the agency against liability or loss.

The County must participate at all times in at least one fund which is established by the agency. Other responsibilities of the County are as follows:

1. To pay all contributions, assessments or other sums due the agency at such times and in such amounts as shall be established by the agency.
2. To select a person to serve as a member representative.
3. To allow the agency and its agents reasonable access to all facilities of the County and all records, including but not limited to financial records, which relates to the purposes of the agency.
4. To allow attorneys appointed by the agency to represent the County in investigation, settlement discussions and all levels of litigation arising out of any claim made against the County within the scope of loss protection furnished by the fund established by the agency.
5. To assist and cooperate in the defense and settlement of claims against the County.
6. To furnish full cooperation to the agency's attorneys, claim adjusters, service company, and any agent, employee, officer or independent contractor of the agency relating to the purposes of the agency.
7. To follow all loss reduction and prevention procedures established by the agency.
8. To furnish to the agency such budget, operating and underwriting information as may be requested.
9. To report as promptly as possible, and in accordance with any coverage descriptions issued, all incidents which could result in the agency or any fund established by the agency being required to pay claim for loss or injuries to County property or injuries to persons or property when such loss or injury is within the scope of the protection of a fund or funds in which the County participates.

The County retains the first \$5,000 of each risk of loss in the form of a deductible. The County files all claims with the agency and the agency bills the County for any loss up to the \$5,000 deductible.

TERRELL COUNTY, GEORGIA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2018

ACCG-GSIWCF

Pursuant to provisions of the Official Code of Georgia Annotated, the County became a member of the ACCG-GSIWCF (a Workers' Compensation Self Insurance Fund). The liability of the fund to the employees of any employer (Terrell County, Georgia) is specifically limited to such obligations as are imposed by the applicable state laws against the employer for workers' compensation and/or employer's liability.

As a part of this risk pool, the County is obligated to pay all contributions and assessments prescribed by the pool, to cooperate with the pool's agents and attorneys, to follow loss reduction procedures established by the fund, and to report as promptly as possible, and in accordance with any coverage descriptions issued, all incidents which could result in the fund being required to pay any claim of loss. The County is also to allow the pool's agents and attorneys to represent the County in investigation, settlement discussions and all levels of litigation arising out of any claim made against the County within the scope of loss protection furnished by the fund.

The fund is to defend, in the name of and on behalf of the members, any suits or other proceedings which may at any time be instituted against them on account of injuries or death within the purview of the Workers' Compensation Law of Georgia, or on the basis of employer's liability, including suits or other proceedings alleging such injuries and demanding of compensation therefor, although such suits, other proceedings, allegations or demands be wholly groundless, false, or fraudulent. The fund is to pay all costs taxed against members in any legal proceeding defended by the members, all interest accruing after entry of judgment, and all expenses incurred for investigation, negotiation, or defense.

Settled claims in the past three years have not exceeded these coverages.

C. NET POSITION/FUND BALANCES

The County reports the following net position/fund balances as restricted at year-end:

<u>Special Revenue Funds:</u>	
Jail Fund	\$ 35,772
Drug Abuse Treatment and Education Fund	4,573
E-911 Fund	114,967
Law Library Fund	49,318
Forfeitures and Seizures Fund	62,801
<u>Capital Projects Funds:</u>	
2006-2010 Special Purpose Local Option Sales Tax Fund	47,368
2017-2022 Special Purpose Local Option Sales Tax Fund	<u>552,439</u>
Total Restricted Net Position/Fund Balances	\$ <u>867,238</u>

TERRELL COUNTY, GEORGIA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2018

D. BALANCES AND TRANSFERS/PAYMENTS WITHIN THE REPORTING ENTITY

1. Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are described as "due to/from other funds" (i.e. the current portion of interfund loans) or "advances to/from other funds" (i.e. the non-current portion of interfund loans).

Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

The County had no interfund receivables and payables at year end.

2. Transfers and Payments

Transfers and payments within the reporting entity are substantially for the purposes of subsidizing operating functions, funding capital projects and asset acquisitions, or maintaining debt service. The government-wide statement of activities eliminates transfers as reported within the segregated governmental and business-type activities columns. Only transfers between the two columns appear in this statement.

The following table reports transfers and payments within the reporting entity:

	<u>Transfers Out</u>		<u>Total</u>
	<u>General Fund</u>	<u>Forfeiture & Seizures Fund</u>	
<u>Transfers In</u>			
General Fund	\$ -	\$ 35,462	\$ 35,462
E-911 Fund	145,647	-	145,647
Total	<u>\$ 145,647</u>	<u>\$ 35,462</u>	<u>\$ 181,109</u>

NOTE 4 - RETIREMENT PLANS

Primary Government

A. COST SHARING, MULTIPLE EMPLOYER DEFINED BENEFIT PENSION PLANS

Public safety personnel and certain elected county officials participate in various cost sharing, multiple employer defined benefit pension plans as defined in Governmental Accounting Standards Board (GASB) Statements No. 67 and 68. These plans include the Peace Officers' Annuity and Benefit Fund, Sheriff's Retirement Fund, Superior Court Clerks' Retirement Fund, Judges of the Probate Courts Retirement Fund, and the Magistrate Judges Retirement Fund. The County has omitted all disclosures and pension expense amounts for these plans as they are not material to the County's financial statements.

TERRELL COUNTY, GEORGIA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2018

B. DEFINED CONTRIBUTION PLAN

By authority of a resolution passed by the Board of Commissioners and state statute, the County has elected to participate in a retirement plan administered by the Nationwide Retirement Solutions and GEBCOR. The plan is a defined contribution (money-purchase) plan in which contributions made by and made for individual participants are credited to that individual participant's account. The name of the plan is the Terrell County Deferred Compensation Plan.

Under the plan, the County allows employees the option of contributing up to 25% of their earnings to the plan. In addition to the employees' contribution, the County contributes the following amounts based on length of employment (but never less than \$600 for participants over age 55):

Less than 3 years service	0% of annual salary
3 years, but less than 5	3% of annual salary
5 years, but less than 7	4% of annual salary
7 years, but less than 10	6% of annual salary
10 or more years of service	8% of annual salary

Benefits depend upon the sum of the employees' contribution to the plan with investment earnings and the County financed contribution to the plan with investment earnings. Upon retirement or employment termination, employees are entitled to either a lump sum distribution of the employee and employer contributions with investment earnings or the option of receiving monthly, semi-annual, or annual payments based on an amount equal to the amount of the employee contributions with investment earnings. Employees are vested immediately in the County financed contributions to the plan.

The County's total payroll was \$3,176,358 and the County's contributions were based on a payroll of \$1,242,914 for the year ended September 30, 2018. Employee contributions to the plan amounted to \$45,680, or 3.68% of the total covered payroll. Employer contributions to the plan amounted to \$80,016 to the plan, or 6.44% of the total covered payroll. Employee and employer contributions can only be amended by a resolution passed by the county commission or by state statute. A total of 37 employees participated in the plan for the year ended September 30, 2018. The County made its required contributions of \$80,016 for the year and had no liability for contributions at year end.

Component Units

A. TERRELL COUNTY BOARD OF HEALTH

Plan Description

The Employees' Retirement System (ERS) is a cost-sharing multiple-employer defined benefit pension plan established by the Georgia General Assembly during the 1949 Legislative Session for the purpose of providing retirement allowances for employees of the State of Georgia and its political subdivisions. ERS is directed by a Board of Trustees. Title 47 of the OCGA assigns the authority to establish and amend the benefit provisions to the State Legislature. ERS issues a publicly available financial report that can be obtained at www.ers.ga.gov.

TERRELL COUNTY, GEORGIA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2018

Benefits Provided

The ERS Plan supports three benefit tiers: Old Plan, New Plan, and Georgia State Employees' Pension and Savings Plan (GSEPS). Employees under the old plan started membership prior to July 1, 1982 and are subject to plan provisions in effect prior to July 1, 1982. Members hired on or after July 1, 1982 but prior to January 1, 2009 are new plan members subject to modified plan provisions. Effective January 1, 2009, new state employees and rehired state employees who did not retain membership rights under the Old or the New Plans are members of GSEPS. ERS members hired prior to January 1, 2009 also have the option to irrevocably change their membership to GSEPS.

Under the old plan, the new plan, and GSEPS, a member may retire and receive normal retirement benefits after completion of 10 years of creditable service and attainment of age 60 or 30 years of creditable service regardless of age. Additionally, there are some provisions allowing for early retirement after 25 years of creditable service for members under age 60.

Retirement benefits paid to members are based upon the monthly average of the member's highest 24 consecutive calendar months, multiplied by the number of years of creditable service, multiplied by the applicable benefit factor. Annually, post-retirement cost-of-living adjustments may also be made to members' benefits, provided the members were hired prior to July 1, 2009. The normal retirement pension is payable monthly for life; however, options are available for distribution of the member's monthly pension, at reduced rates, to a designated beneficiary upon the member's death. Death and disability benefits are also available through ERS.

Contributions

Member contributions under the old plan are 4% of annual compensation, up to \$4,200, plus 6% of annual compensation in excess of \$4,200. Under the old plan, the state pays member contributions in excess of 1.25% of annual compensation. Under the old plan, these state contributions are included in the members' accounts for refund purposes and are used in the computation of the members' earnable compensation for the purpose of computing retirement benefits. Member contributions under the new plan and GSEPS are 1.25% of annual compensation. The Terrell County Health Department's contractually required contribution rate, actuarially determined annually, for the year ended June 30, 2018 was 24.81% of annual covered payroll for old and new plan members and 21.78% for GSEPS members. The rates include the annual actuarially determined employer contribution rate of 24.69% of annual covered payroll for old and new plan members and 21.66% for GSEPS members, plus 0.12% adjustment for HB 751 one-time benefit adjustment of 3% to retired state employees.

The employees of the Terrell County Health Department are covered by the Employees' Retirement System of the State of Georgia. Total retirement contributions for the year ended June 30, 2018 were \$32,841 based on qualifying salaries of \$148,660.

GASBS No. 68

The following schedules reflect GASBS No. 68 reporting information:

Contributions made during the measurement period
(fiscal year ended June 30, 2017): \$ 40,132

Pension Liabilities, Pension Expense, and Deferred Outflows of
Resources and Deferred Inflows of Resources Related to Pensions:

Employer's proportionate share of net pension liability	\$ 267,845
Employer's proportion of net pension liability	0.006595%
Increase(decrease) from proportion measured as of June 30, 2016	0.000024%
Employer's recognized pension expense	\$ 36,938

	Deferred Outflows Of Resources	Deferred Inflows Of Resources
Differences between expected and actual experience	\$ 2,935	\$ 2
Changes in assumptions	610	-
Net differences between projected and actual earnings on pension plan investments	-	667
Changes in proportion and differences between employer contributions and proportionate share of contributions	2,227	-
Employer contributions subsequent to the Measurement date	32,841	-
Totals	\$ 38,613	\$ 669

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30,		
2019	\$	(1,150)
2020		10,840
2021		3,007
2022		(7,594)
2023		-
Thereafter		-

Actuarial Assumptions

The total pension liability as of June 30, 2017, was determined by an actuarial valuation as of June 30, 2016 using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.75%
Salary Increases	3.25-7.00%, including inflation
Investment rate of return	7.50%, net of pension plan investment expense, including inflation

TERRELL COUNTY, GEORGIA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2018

Post-retirement mortality rates were based on the RP-2000 Combined Mortality Table with future mortality improvement projected to 2025 with the Society of Actuaries' projection scale BB and set forward two (2) years for both males and females for service retirements and dependent beneficiaries. The RP-2000 Disability Mortality Table with future mortality improvement projected to 2025 with the Society of Actuaries projection scale BB and set back seven (7) years for males and set forward three (3) years for females was used for death after disability retirement. There is a margin for future mortality improvement in the tables used by the System. Based on the results of the most recent experience study adopted by the Board on December 17, 2015, the numbers of expected future deaths are 9-12% less than the actual numbers of deaths that occurred during the study period for service retirements and beneficiaries and for disability retirements. Rates of mortality in active service were based on the RP-2000 Employee Mortality Table projected to 2025 with projection scale BB.

The actuarial assumptions used in the June 30, 2016 valuation were based on the results of an actuarial experience study for the period July 1, 2019-June 30, 2014.

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of real rates of return (expected nominal returns, net of pension plan investment expense and assumed rate of inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Discount Rate

The discount rate used to measure the collective total pension liability was 7.50%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that employer and State of Georgia contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine total pension liability.

Sensitivity of the Employer's proportionate share of the net pension liability to changes in the discount rate:

	1% Decrease (6.50%)	Current Discount Rate (7.50%)	1% Increase (8.50%)
Employer's proportionate share of the net liability	\$ 378,050	\$ 267,845	\$ 173,837

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued Employees' Retirement Systems of Georgia Financial Report which is publicly available at www.ers.ga.gov/financials.

B. DEVELOPMENT AUTHORITY OF TERRELL COUNTY

The Development Authority of Terrell County had no employees or pension plan for the year ended September 30, 2018.

TERRELL COUNTY, GEORGIA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2018

NOTE 5 - OPEB LIABILITIES, OPEB EXPENSES, AND DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES RELATED TO OPEB

Component Units

A. TERRELL COUNTY BOARD OF HEALTH

1. Group Term Life Insurance

At June 30, 2018, the Terrell County Health Department reported a liability (asset) of \$10,682 for its proportionate share of the OPEB liability (asset). The net OPEB liability (asset) was measured as of June 30, 2017. The total OPEB liability (asset) used to calculate the net OPEB liability (asset) was based on an actuarial valuation as of June 30, 2016. An expected total OPEB liability (asset) as of June 30, 2017 was determined using standard roll-forward techniques. The Terrell County Health Department's proportion of the net OPEB liability (asset) was based on actual member salaries reported to the SEAD-OPEB plan during the fiscal year ended June 30, 2017. At June 30, 2017, the Terrell County Health Department's proportion was 0.004110%, which was an increase of 0.000450% from its proportion measured as of June 30, 2016.

For the year ended June 30, 2018, the Terrell County Health Department recognized OPEB expense of \$(1,281). At June 30, 2018, the Terrell County Health Department reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

Contributions made during the measurement period (fiscal year ended June 30, 2017):	\$	-
Other Post-Employment Benefits (OPEB) Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEBs:		
Employer's proportionate share of net OPEB liability (asset)	\$	(10,682)
Employer's proportion of net OPEB liability		0.004110%
Increase/decrease from proportion measured as of June 30, 2016		0.000450%
Employer's recognized OPEB expense	\$	(1,281)

	<u>Deferred Outflows Of Resources</u>	<u>Deferred Inflows Of Resources</u>
Differences between expected and actual experience	\$ -	\$ -

Changes in proportion and differences between employer contributions and proportionate share of contributions	-	589
Employer contributions subsequent to the Measurement date	-	-
Totals	<u>\$ -</u>	<u>\$ 2,221</u>

TERRELL COUNTY, GEORGIA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2018

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30,	
2019	\$ (702)
2020	(703)
2021	(408)
2022	(408)
2023	-
Thereafter	-

Actuarial Assumptions

The total OPEB liability as of June 30, 2017, was determined by an actuarial valuation as of June 30, 2016 using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.75%
Salary Increases	Includes inflation
ERS	3.25-7.00%
GJRS	4.50%
LRS	N/A
Investment rate of return	7.50%, net of pension plan investment expense, including inflation
Healthcare cost trend rate	N/A

Postretirement rates were based on the RP-200 Combined Mortality Table with future mortality improvement projected to 2025 with the Society of Actuaries' projection scale BB and set forward 2 years for both males and females for service retirements and for dependent beneficiaries. There is a margin for future mortality improvement in the tables used by the plan.

The actuarial assumptions used in the June 30, 2016 valuation were based on the results of an actuarial experience study for the period July 1, 2009-June 30, 2014.

The long-term expected rate of return on OPEB plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of real rates of return (expected nominal returns, net of pension plan investment expense and assumed rate of inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Discount Rate

The discount rate used to measure the total OPEB liability was 7.50%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that employer and State of Georgia contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine total OPEB liability.

TERRELL COUNTY, GEORGIA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2018

Sensitivity of the Employer's proportionate share of the net OPEB liability to changes in the discount rate:

The following presents the Terrell County Health Department's proportionate share of the net OPEB liability calculated using the discount rate of 7.50%, as well as what the TERRELL County Health Department's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1-percent lower (6.50%) or 1-percent higher (8.50%) than the current rate:

	<u>1% Decrease</u> <u>(6.50%)</u>	<u>Current Discount</u> <u>Rate (7.50%)</u>	<u>1% Increase</u> <u>(8.50%)</u>
Employer's proportionate share of the net OPEB liability	\$ (5,847)	\$ (10,682)	\$ (14,645)

OPEB Plan Fiduciary Net Position

Detailed information about the OPEB plan's fiduciary net position is available in the separately issued ERS comprehensive financial report which is publicly available at www.ers.ga.gov/financials.

2. State Health Benefits Plan

At June 30, 2018, the Terrell County Health Department reported a liability of \$250,401 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2017. The total OPEB liability (asset) used to calculate the net OPEB liability (asset) was based on an actuarial valuation as of June 30, 2016. An expected total OPEB liability (asset) as of June 30, 2017 was determined using standard roll-forward techniques. The Terrell County Health Department's proportion of the net OPEB liability (asset) was based on actual member salaries reported to the SEAD-OPEB plan during the fiscal year ended June 30, 2017. At June 30, 2017, the Terrell County Health Department's proportion was 0.006146%, which was an increase of 0.000430% from its proportion measured as of June 30, 2016.

For the year ended June 30, 2018, the Terrell County Health Department recognized OPEB expense of \$15,033. At June 30, 2018, the Terrell County Health Department reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

Contributions made during the measurement period (fiscal year ended June 30, 2017):	\$ 30,617
--	-----------

Other Post-Employment Benefits (OPEB) Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEBs:

2020	(535)
2021	(535)
2022	14
2023	-
Thereafter	-

Actuarial Assumptions

Costs were determined using the Projected Unit Credit Actuarial Cost Method. The annual service cost is the present value of the portion of the projected benefit attributable to participation service during the upcoming year, and the actuarial accrued liability (AAL) is equal to the present value of the portion of the projected benefit attributable to service before the valuation date. Service from hire date through the date of full retirement was used in allocating costs.

Discount Rate

The discount rate used to measure the total OPEB liability was 4.50%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that employer and State of Georgia contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine total OPEB liability.

Detailed information about the OPEB plan's fiduciary net position is available in the separately issued ERS comprehensive financial report which is publicly available at www.ers.ga.gov/financials.

NOTE 6 - SUMMARY DISCLOSURE OF SIGNIFICANT CONTINGENCIES

A. LITIGATION

No litigation is pending (or has been threatened) against the County at September 30, 2018 that management believes would be material to the financial statements.

B. CONTINGENCIES

Except for the joint venture relationship described in Note 1-B.3., the County has not entered into any arrangement under which the County would assume any actual or potential liability for the obligations of any governmental or private agency, authority, or instrumentality.

C. GRANTS

In the normal course of operations, the County receives grant funds from various federal and state agencies. The grant programs are subject to audit by agents of the granting authority, the purpose of which is to ensure compliance with conditions precedent to the granting of funds.

NOTE 7 - SUBSEQUENT EVENTS

There were no subsequent events, which would materially affect the financial statements and require disclosure.

TERRELL COUNTY BOARD OF HEALTH - COMPONENT UNIT
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
SEPTEMBER 30, 2018

A. CHANGES OF ASSUMPTIONS

1. ERS Employer Agency

On December 17, 2015, the Board adopted recommended changes to the economic and demographic assumptions utilized by the System. Primary among these changes were the updates to rates of mortality, retirement, disability, withdrawal, and salary increases.

2. SEAD-OPEB Employer

On December 17, 2015, the Board adopted recommended changes to the economic and demographic assumptions utilized by the System. Primary among these changes were the updates to rates of mortality, retirement, disability, withdrawal, and salary increases.

3. SHBP-OPEB Employer

Future actuarial results may differ significantly from the current results presented in this report due to such factors as the following: experience differing from that anticipated by the economic or demographic assumptions; changes in economic or demographic assumptions; increases or decreases expected as part of the natural operation of the methodology used for these measurements (such as the end of an amortization period or additional cost or contribution requirements based on the plan's funded status); and changes in benefit provisions or applicable law.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of County Commissioners
Terrell County, Georgia

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Terrell county, Georgia, as of and for the year ended September 30, 2018, and the related notes to the financial statements which collectively comprise Terrell county, Georgia's basic financial statements and have issued our report thereon dated September 27, 2019. Our report includes a reference to other auditors who audited the financial statements of the Terrell County Board of Health Component Unit, as described in our report on Terrell County, Georgia's financial statements. This report does not include the results of the other auditor's testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Terrell county, Georgia's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion of the effectiveness of Terrell county, Georgia's internal control. Accordingly, we do not express an opinion on the effectiveness of Terrell county, Georgia's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Terrell county, Georgia's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
